The time periods represented on this chart reveal the three (actually four) distinct periods of judgment that the Bible tells us shall come upon the earth during the last days of the sixth millennium; the “sixth day.” These periods involve “Midnight,” “The Great Tribulation,” “The Indignation,” and “The Fierce Wrath of GOD” or “Armageddon.” As you study the limited sampling of verses listed for each period you will see how the first two time periods or judgments (midnight & the 42-months) actually begin as a direct result of “man’s actions” not GOD’S. However, the last two time periods will involve GOD’S judgment of increasing wrath upon mankind. The 42-months shown above are basically understood and accepted by many Christians as what is commonly called “the tribulation,” but should be called “the Great Tribulation” and or “the Time of Jacob’s Trouble.” Although, most also believe this will be a 7-year tribulation period vs. the 42-months (1,260-days) spoken of in Daniel 7:25 and Revelation 11:2. Moreover, Daniel and the gospel of Matthew show us there are two other distinct periods that will follow “immediately after” the 42-months as described in Daniel 12:11-12 and in Matthew 24:21-29. Please read “The Seventh Millennium Its Prophecies And Beyond” for more detail. *Daniel 8:13-14 speak of a prophetic 2,300-days until the great tribulation starts. This is 2,300-years + 8-yrs for calendar errors from 300 BC see link
